Boise, ID 83711

RE: Boise Group Home #2 Molly Court, Provider #13G018

Dear Mr. Davis:

This is to advise you of the findings of the Medicaid/Licensure survey, which was conducted at your facility, Boise Group Home #2 Molly Court, on January 29, 2010.

Enclosed is a Statement of Deficiencies/Plan of Correction Form CMS-2567, which states that no Federal deficiencies were noted at the time of the survey.

Also enclosed is a Statement of Deficiencies/Plan of Correction form listing State Licensure deficiencies. In the spaces provided on the right side of each sheet, please provide a Plan of Correction. **It is important that your Plan of Correction address each deficiency in the following manner:**

1. Answer the deficiency statement, specifically indicating how the problem will be, or has been, corrected. Do not address the specific examples. Your plan must describe how you will ensure correction for all individuals potentially impacted by the deficient practice.

2. Identify the person or discipline responsible for monitoring the changes in the system to ensure compliance is achieved and maintained. This is to include how the monitoring will be done and at what frequency the person or discipline will do the monitoring.

3. Identify the date each deficiency has been, or will be, corrected.

4. Sign and date the form(s) in the space provided at the bottom of the first page.

5. Include dates when corrective action will be completed. 42 CFR 488.28 states ordinarily a provider is expected to take the steps needed to achieve compliance within 60 days of being notified of the deficiencies. Please keep this in mind when preparing your plan of correction. For corrective actions which require construction, competitive bidding, or other issues beyond the control of the facility, additional time may be granted.

Sign and date the form(s) in the space provided at the bottom of the first page.

After you have completed your Plan of Correction, return the original to this office by **February 16, 2010,** and keep a copy for your records.

You have one opportunity to question cited deficiencies through an informal dispute resolution process. To be given such an opportunity, you are required to send your written request and all required information as directed in Informational Letter #2007-02. Informational Letter #2007-02 can also be found on the Internet at:

http://www.healthandwelfare.idaho.gov/site/3633/default.aspx

This request must be received by February 16, 2010. If a request for informal dispute resolution is received after February 16, 2010, the request will not be granted. An incomplete informal dispute resolution process will not delay the effective date of any enforcement action.

Thank you for the courtesies extended to us during our visit. If you have questions, please call this office at (208) 334-6626.

Sincerely,

M. Williams

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.
